No Strength

Are you easily tired? Is your work
a burden? Do you often feel weak
and faint? Is your appetite poor?
Are you easily discouraged? Then
your nerves are weak and your blood
impure. Sickness is not far away.

Mr. Frederick Devigne, of Claremont, Cape
Colony, South Africa, sends his photograph
and this letter:
"My blood often becomes impure, causing
eruptions on the skin, and my general system
gets all run down, causing indigestion and
great debility. But I take Ayer's Sarsaparilla,
which quickly brings me out of my troubles.
For all those who are debilitated and
weakened by the long, hot summers of our
country, there is no remedy equal to the
great family medicine."

AYER'S
Sarsaparilla

There are many imitations "Sarsaparilla."
Be sure you get Ayer's.

Always keep your bowels in good condition
with Ayer's Pills. They are purely vegetable,
act on the liver, and cure constipation, bilious-
ness, sick headache, and all liver troubles.

PLANTATIONS HAVE STOPPED

WET WEATHER MAKES IT IMPOSS-
IBLE FOR CANE TO BE GOTTEN
TO THE MILLS.

Business is practically dead in ship-
ping circles. Little effort is being
made to either load or discharge ves-
sels. The bad weather is the cause
of the cessation of work. Even over
at the Railway wharf where things
are generally lively, every thing has
stopped and little work is being done.
Sugar can not be loaded during the
rain storms and whatever can be done
has to be loaded between showers.
The steamer Maui arrived with Hamakua
sugar today. She is to discharge
stopped and little work is being done.
Ena and also some of the cargo into
the bark R. P. Rithet. The latter ves-
sel got about 2,500 bags of sugar from
the Mauna Loa last week. The Ena
lacks about 1,200 tons of having her
cargo complete. This sugar will prob-
ably all be put into her from the shore
side as it is to come from Ewa and
Waialua.

There is scarcely any sugar on hand
at the Railway warehouses. About
200 tons from Kahuku is on hand.
About 200 tons more from this planta-
tion is to go into the Frye but the load-
ing has not been commenced yet. The
gasoline schooner Eclipse is to bring
1000 tons of sugar from M. S. Co. at
Anahola. This sugar is being held
at the railway warehouse for the S.
S. Nevada which is scheduled to sail
today from San Francisco.

The Oahu Railway is still crippled.
In fact the road is in practically the
same condition now that it was a
week ago when the first break in the
system was caused by the storm. Even
though the railroad is out of commis-
sion for considerable of its system this
fact is not the reason for no sugar be-
ing on hand. Every plantation has
stopped grinding. The managers of
the various plantations reported that
until the weather changed for the bet-
ter, they would shut down grinding.
The ground is too soft to support the
portable tracks so the cane can not be
handled. There is practically no
sugar on hand at any of the plantations
Waialua having about 600 tons in the
warehouse at the plantation. At least
two days of good weather will have to
be experienced before the plantations
can resume work again.

RUSSIANS PROVE THEIR BRAVERY

AT CHEMULPO THE VARIAG AND
KORUTZ ARE RIDDLED BY THE
JAPANESE FLEET.

TOKIO, Feb. 11.—Later accounts of
the engagement with the Variag and
Korutz at Chemulpo indicate the Rus-
sians made a brave fight against an im-
mensely superior force. The engage-
ment was watched by thousands of per-
sons on shore, who had gathered in
anticipation of a collision. The Ameri-
can gunboat Vicksburg, the British
cruiser Talbot, the French cruiser Pas-
cal and the Italian cruiser Elba also
witnessed the engagement, and saluted
the victorious flag. The Korutz was
severely overmatched. Broadside from
the Japanese vessels raked her contin-
uously until she sank. Many of her
crew were killed by shells or drowned.
Those of the survivors who swam
ashore were captured by Japanese sol-
diers. As the cruiser Variag was
steaming out of the harbor she was met
by a hail of shells, and her mast speed-
ily fell. Her crew fought with desper-
ate energy for several hours. After
she had taken refuge among the Poly-
nesian islands her captain ordered the
crew to save themselves, and then him-
self blew up his ship.

About 200 of the crew of 750 were
killed or drowned. The Variag's officers
were: Captain Vladimir Behr, Lieu-
tenant-Commander Ivan Kraft, Lieu-
tenant Dolgorodoff, Lieutenant Mas-
loff, Lieutenant Vasiloff, Lieutenant
Ivan Richter, Lieutenant Vladimir
Postlenkoff, Lieutenant Sveredoff,
Second Lieutenant Ivan Ekinoff, Sec-
ond Lieutenant L. Kovanko, Chief En-
gineer Ivan Lakeoff, Assistant En-
gineer Ivan Soldatoff, Assistant En-
gineer Vladimir Rodin, Chief Surgeon
August Zoot and Assistant Surgeon S. Jute.
